Busy weeks ahead...

There are a number of great activities and programs for Access Monash schools on the calendar in June and July, including over the school holidays. Keep reading to find out more...

Faculty Experiences for Year 11 Students

All schools will soon receive a detailed brochure for the Year 11 Experience program. Running during the July school holidays, the Experience Days will give students the opportunity spend a day exploring a faculty at Monash University.

Faculties participating in the program include:
- Engineering (Clayton Campus)
- Medicine, Nursing & Health Sciences (Clayton & Peninsula Campuses)
- Science (Clayton Campus)

More information about this program will be provided to schools in the coming weeks, including transport information for students coming from the Gippsland region. Year 11 students interested in any of these faculty experiences should speak to their year-level coordinator or careers teacher to register their interest in attending.

Tertiary Week @ Peninsula

Tertiary Week at Monash University's Peninsula campus is a great opportunity for students and parents to learn more about tertiary study. A range of activities and information sessions will be held during Tertiary Week, which will run 18 - 22 June 2012.

On Tuesday 19 June, there will be a focus on information for parents, with targeted sessions for parents of Year 9 & 10 students and parents of VCE students.

For more details, please visit http://www.monash.edu.au/campuses/peninsula/events/family-evening.html

Year 10 Independence Day

Year 10 students are invited to spend the afternoon exploring a world of possibilities at Monash University during the school holidays.

Year 10 Independence Day will provide information on how to choose a course and university, as well as looking at prerequisite subjects and why you need to study them. Attending this session will help students prepare for VCE subject selection.

For more information or to register, please visit http://www.monash.edu.au/study/options/schools/year10.html

Ambassadors on board

A new cohort of Access Monash Ambassadors has just completed training and will soon be out and about helping with the SAM program and running different activities.

Secondary school students benefit greatly from the opportunity to engage with current university students, so it’s fantastic to have so many enthusiastic new Ambassadors on board!

Gippsland Information Night

A series of information nights have been held in the Gippsland region recently, providing students, families and secondary school staff with information about university study, support options and pathways.

The next session will be held at Bairnsdale Secondary College on Tuesday 19 June, 6.30pm - 8pm.

For more information about this free event, or to register, please visit www.monash.edu/atmonash or call (03) 5122 6987.

At Monash Seminars

The At Monash Seminars are a great way to learn more about a particular area of study.

Through a panel discussion, you’ll hear from current and past students, as well as having the opportunity to speak with faculty representatives.

To find out about upcoming At Monash Seminars, visit http://monash.edu/study/options/schools/at-monash.html

Good luck to all students completing midyear exams!
