Leveraging ICT
Gleneagles Secondary College

Leading Teacher – ICT Pedagogy

Heath McGregor
With the cessation of the NSSCF the IT team (IT Operations Manager & IT support staff), E-learning committee members, SPE and ADU have been researching the potential options to succeed this program.
The research reviewed global and local education research to identify trends and best practice of learning with technology and teacher's pedagogy, including:

- OECD reports,
- NMC Horizon reports,
- ITL research,
- AITSL standards
- DEECD resources such as POLT and digital learning resources
- Hattie's visible learning data and other learning and teaching frameworks such as the CEOM: contemporary learning schema
- Face to face conversations with leading ICT in education Professor Stephen Heppell (UK) Digital Education Leader
- Other online learning communities
The Research - students

• Analysed the findings of student data;
  – student opinion survey
  – NAPLAN data
  – surveying of student voice leaders
  – surveying of students in classes
The Research - teachers

• Analysed the findings of teacher data;
  – *e-potential survey for teachers*,
  – “*software in use*” survey,
  – “What’s your beef with technology”
  – and conversations with teachers within and external to school

• Range of Government schools – their vision, their model and their outcomes.
Why...it’s all about the learning!

- *developing* a learning and teaching vision for ICT at Gleneagles and a philosophy of use that aligns with new school strategic plan and the new pedagogies for deep learning project

---

**WHAT DO YOU WANT KIDS TO DO WITH TECHNOLOGY?**

**WRONG ANSWERS**
- MAKE PREZIS
- START BLOGS
- CREATE WORDLES
- PUBLISH ANIMATS
- DESIGN FLIPCHARTS
- PRODUCE VIDEOS
- POST TO EMDODO
- USE WHITEBOARD
- DEVELOP APPS

**RIGHT ANSWERS**
- RAISE AWARENESS
- START CONVERSATIONS
- FIND ANSWERS (TO THEIR QUESTIONS)
- JOIN PARTNERS
- CHANGE MINDS
- MAKE A DIFFERENCE
- TAKE ACTION
- DRIVE CHANGE

TECHNOLOGY IS A TOOL, NOT A LEARNING OUTCOME.
Which 1:1 model to consider?

Option 1):
1:1 BYOD – students can bring in any device and connect to our network. Using virtualisation, other software (other than native to the device) can be run. For example - Edustar software on an iPad. (Hampton Park Secondary College/Fountain Gate)
Which 1:1 model to consider?

Option 2):

BYOD anything (eg - Boort Secondary College) – bring anything you like and use our network
Which 1:1 model to consider?

Option 3):

Chromebooks – runs the google operating system. Browser based educational software (McKinnon Secondary College)
Which 1:1 model to consider?

Option 4):
1:1 Managed device – standard windows software (all edustar plus school owned software) on each student computer (St Helena Secondary College) – our 1:1 model – with touch & stylus
To pen or not to pen...

“The type of computer input is a very important consideration for thinking and student learning. A digital pen stimulates people to write more nonlinguistic content (diagrams, symbols), compared with a keyboard interface or non-digital pen.

Studies have shown that expressing more nonlinguistic content directly facilitates 9-38% improvements in thinking and reasoning about math, science, and everyday tasks.”

</table>

### What's typically covered?

Accidental drops, spills, bumps and electrical surges prohibiting the PC from operating. This is not transferable should the device travel to another country.

### What's not covered?

Cosmetic damage, theft, equipment loss, intentional damage and misuse, failures due to usage outside of normal operating conditions, parts intended to be replaced by the customer, or fires. Any data loss. Damage to peripherals or third-party products, even if sold by Lenovo.
What is Covered?

- Accidental Loss – For Example
  - Left on Public Transport
  - Left at Bus Stop

- Accidental Damage – For Example
  - Dropped
  - Stepped On
  - Driven Over
  - Pulled Off Desk
  - Fell out of Locker
  - Liquid Spill

- Loss or damage by theft or attempted theft

- From unoccupied building or vehicle only following forcible entry

- In the open air only where:
  - Laptop in direct supervision and control of adult
  - At their place of education
  - At school organised activity / event
  - At organised extra-curricular activity
  - Other places of residence
  - Medical appointments of any kind

- By force or intimidation

What isn't Covered?

- Electrical or mechanical malfunction or derangement
- Scratches and normal wear and tear
- Malicious damage by your child
- Loss or damage by theft or attempted theft:
  - From an unoccupied building or vehicle unless as a result of forcible entry
  - From any unsecured place in the open air unless:
    - The laptop is under the direct control and supervision of an adult; or
    - Your child is on the way to or from their place of education; or
    - An organised school or educational activity; or
    - An organised extra-curricular activity; or
    - Other places of residence of accommodation; or
    - A medical appointment of any kind
  - Loss of damage occurring while the laptop is being transported in any aircraft or watercraft unless the laptop is carrier as personal baggage
  - Loss of or damage to software of any sort

Important calendar dates:

- **Parent Portal**
  - Opens: Mon 6\(^{th}\) October – 5pm
  - Closes: Fri 17\(^{th}\) October – 5pm for 16/17\(^{th}\) December collection
  - OR Fri 31\(^{st}\) October – 5pm for 21\(^{st}\) January collection only

- **Scheduled pickup from Gleneagles**
  - Tues 16\(^{th}\) Dec (A-K Surname) or Weds 17\(^{th}\) Dec (L-Z Surname): 4pm – 7pm
  - OR Weds 21\(^{st}\) Jan (same day as booklist collection) 2pm – 6pm
FAQ:

1) Can I buy from a retailer?
2) What about Mac computers?
3) E-books or textbooks?
4) I’m not sure which device – what should I pick?
